Cutting

Using a rotary cutter, mat, and ruler, cut the following blocks from the assorted fabrics:

Three 6½" × 12½" blocks for heart appliqué backgrounds

Twelve 6½" × 6½" blocks for star, hug, and kiss appliqué backgrounds

Eleven 6½" × 6½" blocks

Two 3½" blocks each of twelve different fabrics for Four-Patch blocks.

Cut four ¾"-wide strips for flange accent insert. Cut two 30½" lengths for the top and bottom inserts, and two 42½" lengths for the side inserts.

Cut four 3½"-wide strips. Cut two 42½" lengths for the side border. Cut two 36½" lengths for the top and bottom border from remaining two strips.

Cut backing to measure 40" × 52"

Five 2⅛"-wide strips for the binding. Piece the strips together end-to-end.

Fusible Appliqué Preparation

All appliqué pattern pieces are printed actual size and reversed for tracing onto fusible adhesive.

1. Lay the fusible adhesive, paper side up, over each pattern and use a pencil to trace onto the paper side. Write the pattern number on each piece as you trace.

- Use paper-cutting scissors to roughly cut all the pieces approximately 1" outside the traced lines.
- Trim the fusible adhesive to within 1/8" of the inside edge of the traced pattern before fusing it to the fabric.
- Following manufacturer's instructions for fusing, fuse the traced pattern onto the wrong side of the fabric.

Assorted fabrics:

- small heart (xo3);
- medium heart (xo4);
- large heart (xo5);
- small star (xo1);
- medium star (xo2);
- o for hug (xo7);
- x for kiss (xo6)

- Cut out the pieces along the traced lines.

POSITION AND FUSE THE APPLIQUÉ PIECES

- Referring to the photo for placement, remove the paper backing and position all appliqué pieces onto their respective backgrounds.
- When you are satisfied with the placement, fuse the pieces into place, making sure that you smooth the larger pieces as you proceed.

Zigzag Stitch Appliqué

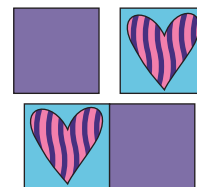

Use a tear-away stabilizer on the wrong side of the background fabrics. With matching thread suitable for machine appliqué, zigzag stitch around the appliqué pieces. To zigzag stitch, use a long, narrow zigzag stitch. Stitch over the raw edges of the fused appliqué pieces. When the zigzag stitching is complete, tear away all the stabilizer.

Assembling Pieced Blocks

Four-Patch Block

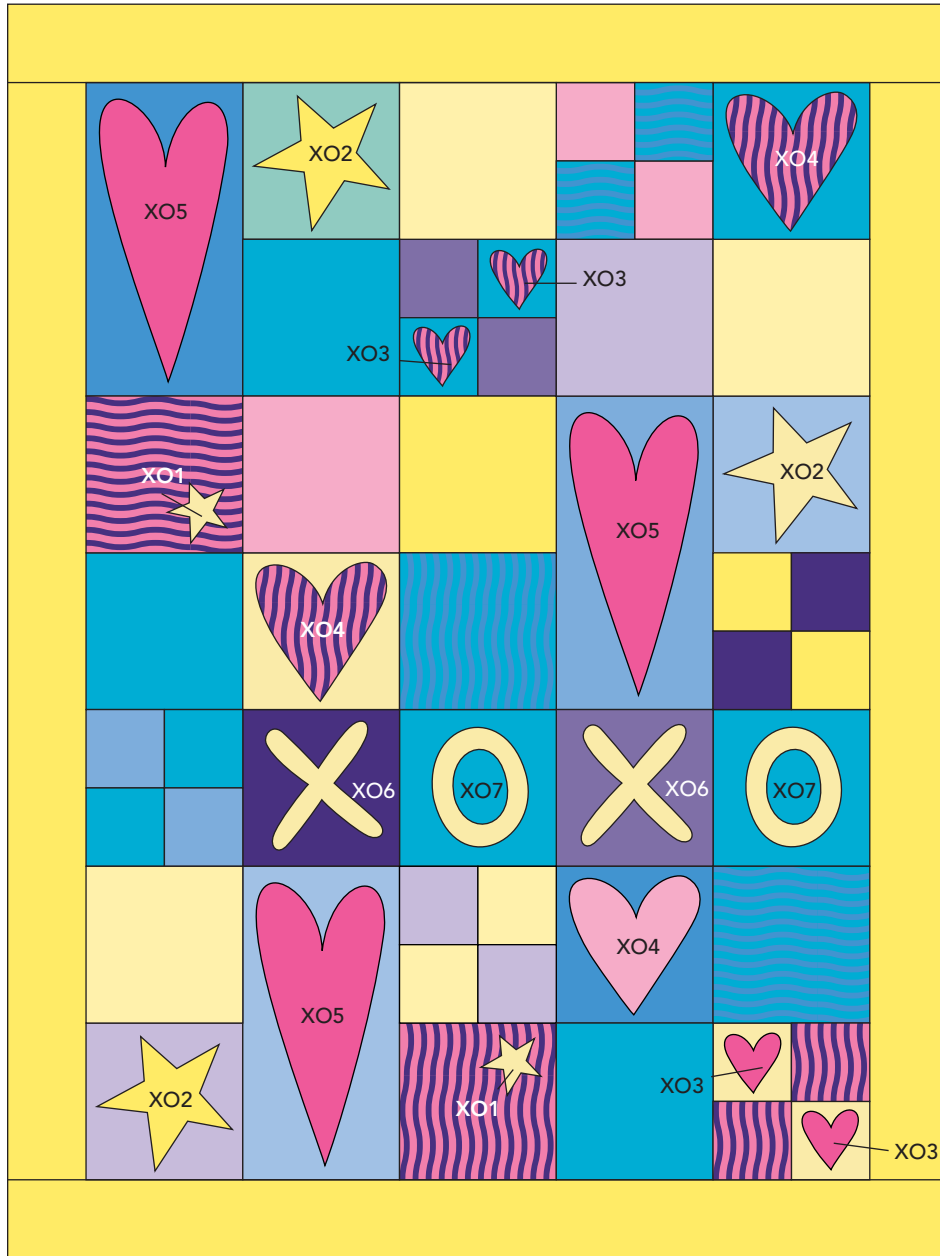

6" finished size

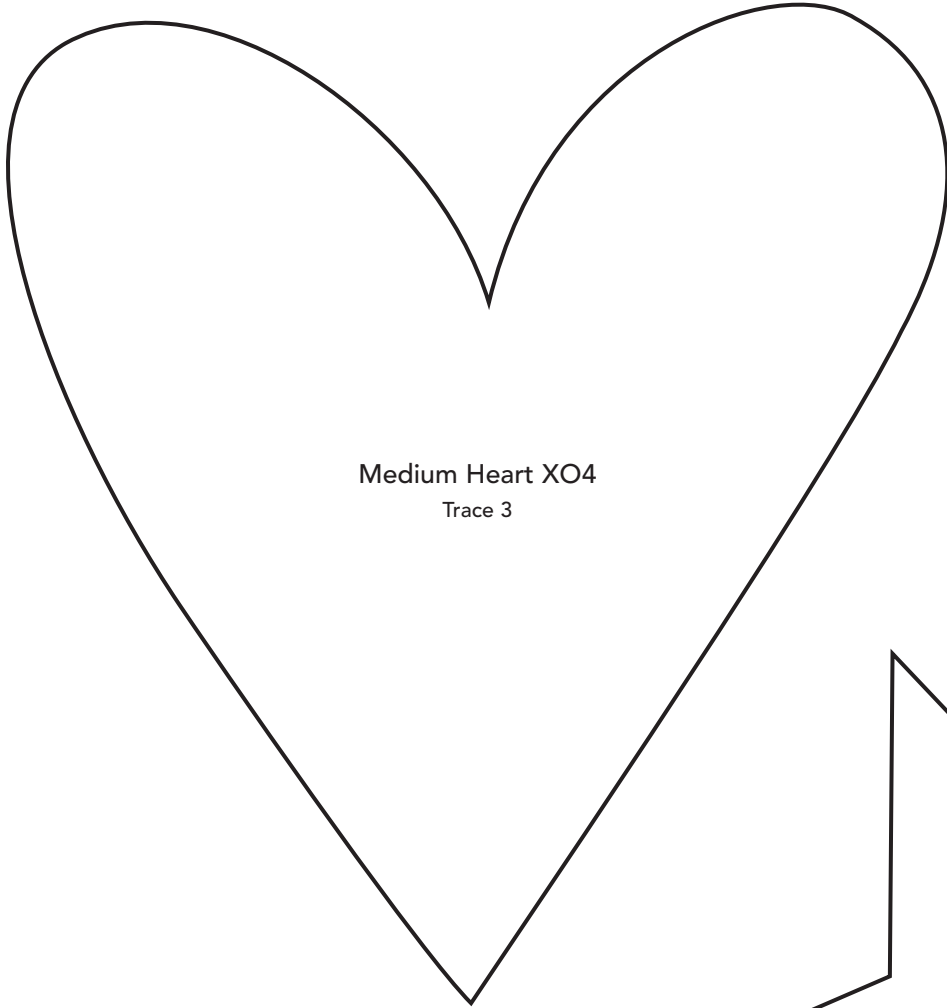

- Stitch together two coordinating sets of the 3 1/2" squares, alternating the same color block on the opposite corners of the Four-Patch block. To construct each block, follow the piecing sequence below. Press seams toward the darker color square. Make six blocks.

ASSEMBLING THE QUILT TOP

- Using the photo as a guide, sew the blocks together in vertical rows. Press seams of alternate rows in opposite directions. Then sew the rows together as shown. Press seams in one direction.
- For the accent flange inserts, press the 3/4"-wide strips in half length wise, wrong sides together. Match raw edges to quilt top and sew to top and bottom of the quilt using a scant 1/4" seam. Repeat for the sides of the quilt.
- Sew the border side strips on the quilt top. Press seams toward border. Then add the top and bottom borders. Press seams toward the border.
